Wishing for more creativity and emotional bandwidth?

Have we identified the heavy weight we often carry around as unhealed ancestral trauma? Wishing for more compassion, love, and empathy for ourselves and others?

The Rosa GBTQ ancestral activations retreat that is set up so that participants can discover and experience the expansiveness of their royalty and divinity in holistic luxury.

THE BENEFITS WE WILL ENJOY

- Detox with personalized mild and YES pleasurable programs daily. We discover how pleasurable it is taking care of ourselves. Raw, vibrant, fresh, and flavorful is our menu for the retreat complementing with hydrating beverages, herbal infusions, treatments, spa experiences, and more.
- Connect with the sun and use it as a portal and gateway to transcend space and time and reach our royal ancestors and past lives. Daily sunbathing and ancestral meditations.
- Experience a powerful purge detox and code clearing ceremony utilizing the Kambo ancestral medicine with our practitioner that was trained throughout tribal South America.
